Who is North Star Initiative?

North Star Initiative (NSI) is a PA-based, non-profit that supports survivors of domestic sex trafficking by providing physical, psychological, emotional, and spiritual care through a Christ-centered focus.

Primarily, NSI owns and operates **The Harbor**, a restoration home and program for female sex-trafficking survivors. NSI believes education on sex trafficking is very important, so they provide **speakers** and host **community events**. Finally, NSI champions **Survivor Advocacy** which provides survivors a “voice” when they might be too afraid to speak for themselves.

Building for the Future ...

The funds from this event will be used to renovate **The Harbor** to serve more survivors by adding a **Transitional Living Program**. This allows survivors with limited family support, who struggle with debilitating PTSD, and require more time to heal, an opportunity to stay within the safety of The Harbor. **Renovations** will allow NSI to serve more survivors who require longer than our traditional 6- to 18-month program to recover from their trauma. Many benefit from supervision and support of trauma-informed staff to provide accountability and insight as they navigate a successful transition from victimhood to providing for themselves, often for the first time ever.

\$60,000	● Renovations
\$30,000	● Furnishings
\$10,000	● Admin Expenses
\$100,000	Total Budget
